The ambulance replacement plan relies on this allocation of excess revenue to cover the costs associated with remounting or replacing aging units. Without allocating this revenue the Town will have to finance the refurbishment or replacement of ambulances as needed. If there are no excess funds, no funds will be applied.

ARTICLE 16: To see if the Town will vote to set November 15, 2025 as the due date for the first half of the 2025-2026 property taxes and May 15, 2026 as the due date for the second half of the 2025-2026 property taxes; after which interest will be charged at the rate of 4% per year, or part thereof, on taxes unpaid after the date in accordance with 36 M.R.S. § 505(4).

ARTICLE 17: To see if the Town will vote in accordance with 36 M.R.S. § 506(A), to pay no interest on refunds of overpaid or abated taxes.

ARTICLE 20: To see if the Town will vote to authorize the Select Board to sell by bid or auction, such equipment, vehicles, or furniture valued at or over \$5,000 as are no longer necessary for Town operations.

ARTICLE 21: To see if the Town will vote to authorize the Town Manager to sell by bid or auction, or on such terms and conditions he/she deems to be in the best interest of the Town, such equipment, vehicles, or furniture valued under \$5,000 as are no longer necessary for Town operations.

ARTICLE 22: To see if the Town will vote to authorize the Select Board and Town Manager to apply for State, Federal, and other grants on the Town's behalf for purposes they deem to be in the best interests of the Town; to accept such grants, including, when necessary, the authority to sign contracts and related documents and accept conditions of approval; and to appropriate and expend such grant funds for the authorized purposes for fiscal year 2025-2026.

For sales other than to the former owner, excess sale proceeds, as defined in 36 M.R.S. § 943-C, shall be returned to the former owner.

ARTICLE 25: Shall an ordinance entitled 'Town of Buckfield, Fire Department Billing and Restitution Ordinance' be enacted?

The purpose of the proposed ordinance is to allow the Town of Buckfield to recover expenses incurred by the fire department when responding to certain types of incidents. This ordinance is specific to non-residents of Buckfield, companies, and specific mutual aid calls for service in which Buckfield Fire Department is the only agency providing the billable service. Cost recovery is becoming a more common practice as departments face rising costs and pressure to keep costs to the taxpayers as low as possible. A copy of the proposed ordinance is attached.

ARTICLE 26: To see if the Town will authorize the Select Board to accept gifts, real estate, and certain funds, including trust funds (hereinafter collectively referred to as "the Gifts") on behalf of the Town under such terms as they deem advisable, spend the Gifts for the purposes intended as allowed by law and establish reserve funds as necessary in order to give effect to the Gifts.

ARTICLE 29: To see if the Town will vote to authorize the Select Board to expend an amount not to exceed the 2024-2025 approved budget for any department in which the proposed 2025-2026 budget is rejected, or until such time a new budget is approved by the Town at a Special Town Meeting.

The estimate at the time of the study placed those repairs at \$635,000. A second opinion was provided without a formal report in 2022 that with enough volunteers needed repairs could potentially be made for \$25,000. The Town has been unable to find volunteers to fundraise, coordinate additional opinions, or make repairs. The building continues to deteriorate and requires significant attention.

Mitigation of all hazardous substances is performed in accordance with DEP regulations.

- d. Vehicle Fires*: Anytime the Fire Department have to contain or extinguish a fire in a motor vehicle. This includes but not limited to passenger cars, trucks, semi-trucks, tractor trailers, construction equipment, farm equipment, all-terrain vehicles, and snowmobiles. Vehicle fires may also require the use of a suppression agent such as foam to help extinguish the fire.
- e. Hazard Mitigation Operations: Anytime the Fire Department personnel have to deal with a hazardous substance via containment or absorption with pads for carbon-based substances like gas or oil, or removal via pads and sand or other means permitted by the DEP.
