Request for Proposals Purkis Rd Culvert Replacement

The Town of Buckfield is accepting bids for a culvert replacement project on Purkis Road damaged in the December 2023 storm. Sealed bids shall be marked "Purkis Rd Culvert Replacement" and are due by Friday, August 16, 2024, at 4:00 PM. Bids will be opened at the August 20, 2024 Select Board Meeting. Please provide two proposals:

1. 48" Culvert Replacement
2. 60" Culvert (Upsize) Replacement

Scope of Project: Contractor to cut the pavement, excavate, and remove and dispose of existing 48" steel culvert. The Town will supply the culvert package which will be 2-3 20-foot sections of dual wall HDPE culverts and applicable supplies in either 48" or 60" diameter, depending on the selected proposal. The site also contains a smaller dual wall HDPE overflow culvert that may need to be removed and reinstalled if the 48" replacement is chosen. Contractor to put $\frac{3}{4}$ " gravel around new culverts and compact every 6 inches. Contractor to re-use old rock and gravel pulled from site area as appropriate. Contractor to haul in gravel as needed to repair road, to include compacting as needed. The contractor shall set the proper culvert elevation to accommodate water flow at the site. Both the inlet and outlet banks shall be lined with rip rap. The Contractor is responsible for any damming and dewatering necessary to complete repairs to the site. The contractor is responsible for any appropriate traffic control during construction. Purkis Rd is a dead-end road and cannot be closed during the project. One lane must remain open to allow for ingress and egress of residents and emergency services. The project shall be performed complying with any state regulations and permitting requirements should any exist.

GPS Coordinates: 44.30316, -70.31836

Contractor to Provide: Name, address, and contact information of bidder, certificate of insurance, total bid price, breakdown of bid proposal including an estimation of all material to be used and all equipment needed to perform the work, estimated start date and number of days to complete said job. Please also include where materials will be supplied from.
